

ICDS 2011 Early Career Tutorial Day
Sponsored by the MacDiarmid Institute
Rutherford Hotel, Nelson

0915	<i>Advances in Deep Level Transient Spectroscopy and Shockley-Reed-Hall kinetics</i> Professor Tony Peaker , University of Manchester, UK
1015	Coffee
1030	<i>Silicon solar cell operation and the impact of impurities</i> Associate Professor Daniel Macdonald , Australian National University, Australia
1130	<i>Vibrational dynamics of defects in semiconductors</i> Professor Stefan K. Estreicher , Physics Department, Texas Tech University, USA
1230	lunch
1315	<i>Introduction to Analytical Electron Microscopy</i> Professor Milo Kral , University of Canterbury, New Zealand
1415	End of Tutorial Day
